

nyloprint[®] Combination CW 22x30

Compact all-in-one letterpress plate making system with exposure, washout and drying functions

Smallest of the equipment combinations, suitable for processing water washable printing plates up to a maximum size of 220 mm x 300 mm (8.7" x 11.8")

Highly efficient and cost effective

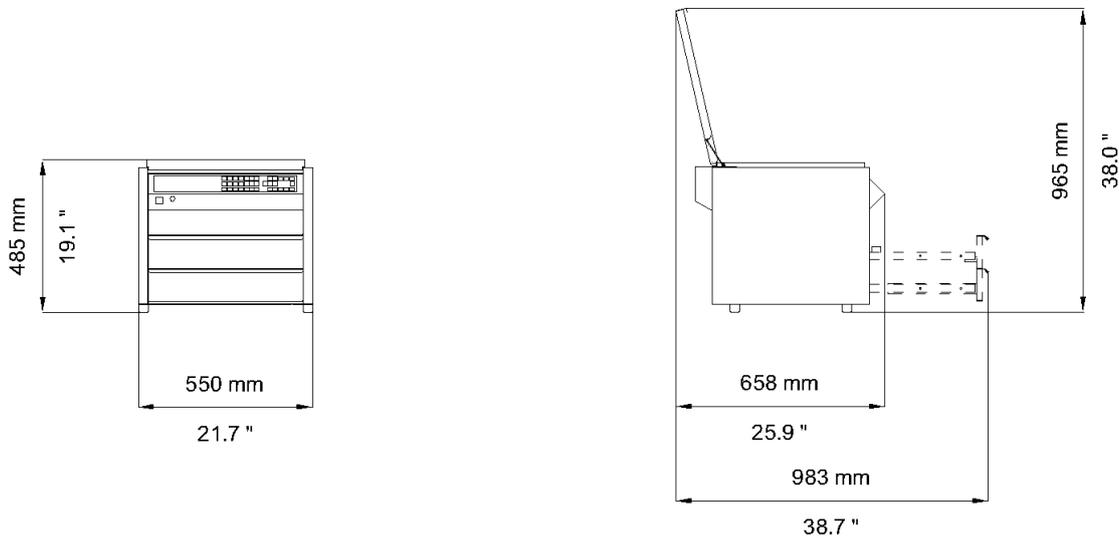

- + Exposure, washout and drying functions for the production of quality water washable letterpress plates
- + Long service life due to advanced materials – the casing of the equipment and all parts in contact with water are made of high quality stainless steel
- + Process safety due to programmed plate processing parameters and temperature controlled washout section
- + For washout only tap water is needed
- + Less mechanical stress due to a proven push washout system that prevents the washing away of fine elements
- + Oscillating plate holder ensures even plate washout and is self adjusting to allow the use of different plate thicknesses
- + Space saving design

Simple operating and convenient handling

- + Programmable operating panel for customising the processing times of each function
- + Audio alarm to signal end of each process
- + Minimal maintenance
